## 2nd Rehearsal Recap

It was fantastic to see everyone back for our second rehearsal - the energy in the room was great! We jumped straight into the swing of things, with the cast doing a brilliant job getting back into Showtime mode.

We worked through our opening number, “**Open for Business**,” and made a strong start on a few other sketches and songs. It was awesome to see everyone already bringing enthusiasm and effort to the space.

Overall, a really strong rehearsal and a great start to the season! 🌟

— Pat

## 🎭 Centre Stage Advice from the PLs 🎭

*A message from our Patrol Leaders sharing tips, reflections, and inspiration from their Showtime journey.*

### 🌟 Alice – Regent Patrol Leader 🌟

A message from Alice:

Showtime is all about courage, confidence, and stepping into the spotlight — but the most powerful thing you can ever be on this stage is **yourself**.

You don't need to change who you are to impress anyone, because your uniqueness is what makes you shine. At the same time, be open to adapting, taking on challenges, and growing through every experience that comes your way.

And remember, sometimes you just need to go where the wind takes you — because you'll always end up where you're meant to be.

So stand tall, be proud, and never forget: being yourself isn't just enough... it's your greatest strength. ✨

## 🎭 Black Base Layer Reminder 🎭

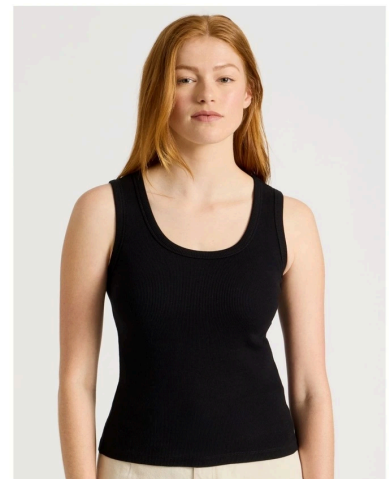

All cast members are required to supply and bring their own black base layer to rehearsals and performances.

This base layer must:

- Cover at least as much as a singlet top
- Include bike shorts (to mid-thigh length)

This is essential for quick changes, modesty, and ensuring a consistent look across the cast.

Thank you for helping everything run smoothly on and off stage! 🎭
